RUSS DERRY, AFTER THREE BLANKS
DUE TO BREAK OUT WITH HITS

JERSEY CITY—Russ Derry, young center fielder among the Bears who went hitless in yesterday's 3-1 washing by Jersey City's Johnnie Wittig yesterday, the only member of the loop champions who has failed to connect safely at least once in the three playoff tilts so far . . . He has 10 official batting chances and walked twice . . .

All of which may be a bad omen for the Jaycees . . . Derry is bound to break loose soon, possibly in time to end the year for Pancho Snyder's hirelings.

The surprising part of the Jersey City win is the fact it was accomplished sans the aid of the two leading hitters, Red Howell and Gil Brack . . . Howell was out with a sore thumb, sustained in Saturday's tilt, while Brack was hit in the mouth by a batted ball before yesterday's contest.

Landis Orders Warren Back To Phillies

PHILADELPHIA (U.P.)—Ben
Warren, catcher, recently claimed
on waivers by the Pittsburgh
Pirates, was ordered returned to
the Phils yesterday by Commis-
sioner Kenesaw M. Landis.

Landis advised President Gerald
Nugent of the Phils that it was
not proper for a player of major
league calibre to be traded or
sold by a club, which still had
games to play with teams that
were contenders for the pennant.
